Phantom Energy Patrol Worksheet

Supervising Teacher/s: _____
School: _____

This worksheet will help you assess the appliances/electronics wasting phantom energy within your school. This is the energy used by an appliance while turned off but still plugged into the wall socket.

Before starting the campaign, decide:

- Which rooms will be included in the patrol. You can patrol as many or as few as you like.
- How often you will be conducting the phantom energy patrol: daily, weekly, or monthly.

During the campaign:

- For each type of appliance/electronics found within a room, complete the chart below. Do not forget to include overnight hours!
- After each patrol, submit this information at www.earthrangers.com and find out how much phantom energy you've saved!

Patrol #	Classroom/ Room #	Type of Appliance/ Equipment	# of appliances / Equipment	# of hours left unplugged
